

STEP 2: MEET GORILLAZ!

Gorillaz are a British virtual band formed in 1998 by a collaboration between Damon Albarn of Blur and Jamie Hewlett, co-creator of the comic book Tank Girl. They had the idea to create the band while watching MTV in their London flat and originally intended to call the project Gorilla. The band is comprised of four fictional band members: 2-D (vocals, keyboard), Murdoc Niccals (bass), Noodle (guitar, vocals), and Russel Hobbs (drums). These characters only appear in animated form and are not alter-egos of real people, as is often mistakenly assumed. They made 4 albums: *Gorillaz* (2001), *Demon Days* (2005), *Plastic Beach* (2010) and *The Fall* (2010).

B/ WRITE: Make a short description of each member of the band.

	Noodle has a Japanese fashionable style. She usually wears short skirts, boots, funky tops and cool hats. She loves colors. Today, Noodle is wearing a striped top with a vest and a jean skirt. She's also wearing brown biker boots. I like her style !
